Under the rail bridge and around the other side is where they shot both the portion where Helo and Sharon are pursued by the Cylons and where they later hide on a bridge strut as centurions walk on the bridge above.

If you parked at Pet Smart and walked on the riverbed, it floods when the tide comes back in, so you'll have to walk around. Also, the Port seems to be planning some changes to the rail bridge which could make this location inaccessible fairly soon." *(Information on this location provided by the 13th Colony).*
